Please be certain that all bandages are properly secured through the use of SAFETY PINS and/or ELECTRICAL/DUCT TAPE. NO MASKING TAPE or other light-weight tape should be used at any time. It is imperative that trainers carefully review how to properly wrap and secure bandages with all stable personnel, stressing the importance of doing so to help prevent catastrophic accidents. **No polo bandages for official timed workouts.**

Rules Of Racing

No entry will be received except upon the condition that all disputes, claims, and objections arising out of the racing or with respect to the interpretation of the conditions of any race shall be decided by the Stewards, and their decision upon all matters shall be final.

At the discretion of the Stewards, and without notice, the entries of any person, or acceptance of transfer of any entries, may be refused.

The Stewards reserve the right to withdraw or scratch any horse which, in their opinion, will not qualify for the race in which it has been entered.

Anyone caught tampering with any camera or surveillance equipment may be asked to leave the grounds.

Entries

In All Allowance / Optional claiming races allowance horses will be preferred. In all overnight races no trainer or owner may enter more than two horses per designated surface, excluding stakes. Two additional entries may be made for an alternate surface. If a race is to be divided a trainer may enter two additional horses.

Pursuant to CHRB Rule 1581.1: No person shall enter or attempt to enter a horse for a race unless such entry is a bona fide entry made with the intention that such horse is to compete in the race for which the entry is made.

Horses on the also-eligible list are not **IN TODAY** horses. Such horses may enter for the succeeding day and receive any preference to which they may be entitled; however, if a horse gets in a succeeding race it will be scratched automatically from the race to which he was also eligible. Stakes races excluded. The status of such horses should be noted at the time of entry.

The horse can not exclude another horse in the race. If the test results is not back by scratch time the horse will be scratch.

Horses off for 120 days and less than a year: Horses off for more than 120 days, but less than One (1) year, require a five (5) furlong work and must have an official Santa Anita vet exam within the last 30 days. Horses must have a vet exam within 14 days of entry time. Failure to do so will result in entry not being taken. Horses which have not raced for a year or longer, must work for the vet (1:03 or better) and have blood drawn.

California Bred Races: Beginning Jan. 1, 2009 all California Bred races will read "for California Bred or California Sired". A California sired horse is only eligible for entry in races restricted to California-bred or California-sired horses and is not eligible for any breeders or owners awards. Should a California-Bred race not be filled by 9:00 a.m. an announcement will be made and it will then be opened with California-Breds preferred at the draw.

All first-time geldings must be reported at time of entry. Any horse drawn into the body of the race because of inaccurate information could be scratched and such horse could lose its previously held date.

California's Incentive Programs CALIFORNIA INCENTIVE PROGRAMS IT PAYS TO BREED AND OWN A CALIFORNIA-BRED

In 2018, the breeders and owners of California-bred Thoroughbreds and the owners of California-based stallions received over \$10 million in premiums through the California Incentive Program. In addition, special racing opportunities afforded California-breds in 2018, by the race-per-day rule at California tracks, provided more than \$15 million in purses for races restricted to California-breds.

As a result of legislation recently amended in 2009, total monies available for incentive awards are distributed as follows: 10% to the California-bred race fund; 15% to the Maiden Bonus program: 20% bonus on the winner's share to the owner of a California-bred Thoroughbred horse conceived by a registered eligible thoroughbred stallion that finishes first in an open qualifying race, and a 10% bonus on the winner's share to the owner of a California-bred Thoroughbred horse that finishes first in an open qualifying race that was not conceived by a registered eligible thoroughbred stallion. The tracks are adding an additional 10% for Cal-bred winners of allowance races making the bonus 30%. A qualifying race is all non-claiming races excluding stakes with a purse of at least \$15,000, as are open non maiden claiming races with a claiming price of \$40,000 or greater in Southern California and \$20,000 or greater in Northern California. After these deductions, 75% of the remainder to be paid as breeder awards, and 25% of the fund to be paid as stallion awards. The legislation also calls for owners awards to be distributed at the same time as the purse, and a conservative advance payment of approximately 8-10% Breeder Award paid around September 1 for races from January 1 - June 30 and the final payment for 2019 along with the Stallion Awards being paid during March 2020.

A Maiden Bonus award will be paid to the owner of a registered Cal-bred or registered Cal-sired foal for winning a maiden special weight race. The bonus amount is \$10,000 in Northern California and the Los Angeles County Fair and \$17,500 in Southern California. These awards are paid directly to the owner approximately 45 racing days after the win.

The breeder of a registered California-bred Thoroughbred will receive a pro-rated share of total monies available for breeders. These awards are payable for finishing first, second, or third in any race run in California, or in a graded stakes outside California, but within the United States.

The owner of a registered California-based stallion will receive a pro-rated share of monies available for stallion owners based upon the earnings of the stallion's California-bred or California-conceived progeny from qualifying wins in California and also for finishing first, second, or third in all stakes within California and graded stakes outside California but within the United States.

The California-bred race fund will provide for the promotion of California-bred races and to provide for or supplement purses for California-bred races.

More than ever, it pays to breed and own a Cal-bred - just ask the breeder or owner of one.

The Cal-Bred Incentive Programs

Questions and answers concerning California-breds and California's lucrative incentive awards program, which was responsible for breeders, owners, and stallion owners collecting more than \$10 million for 2018.

Who qualifies for the awards?

The breeders and owners of registered California-bred Thoroughbreds and the owners of California-based stallions.

What are Breeders Awards?

A monetary award that is paid to the breeder of a registered California-bred Thoroughbred finishing first, second, or third in any race run in California and any graded stakes races conducted within the United States. Breeders will receive 75% of the remainder of the total incentive award monies after owner awards are paid, with an individual breeder receiving a pro-rated share of this breeders fund. The maximum purse considered earned in any qualifying race within this state shall be \$330,000 for a win, \$120,000 for a second, and \$90,000 for a third-place finish. Breeder awards always are paid exclusive of nomination, entry, and starting fees.

What are Owners Awards?

A monetary award that is paid to the owner of a registered California-bred Thoroughbred horse that runs in qualifying races in California. Owners can receive at least a 20% bonus on the finisher's share for finishing first through fifth in an open allowance or overnight stake race and up to a 20% bonus for finishing first in an open starter allowance above \$15,000 and open non-maiden claiming races with a claiming price of \$40,000 or greater in Southern California and \$20,000 or greater in Northern California. These levels are purposely set high to encourage the ownership of high-quality runners and to restrict the number of qualifiers so that the awards will function as a major incentive. Owner awards always are paid exclusive of nomination, entry, and starting fees. They are listed in the racing program and will be distributed at the same time as the purse by the paymaster.

What is the Malden Bonus Program?

A Maiden Bonus award will be paid to the owner of a registered California-bred or registered California-sired foal for winning a maiden special weight race. The bonus amount is \$17,500 in Southern California and \$10,000 in Northern California and at all Fair meetings throughout the state. These awards are paid directly to the owner approximately 45 racing days after the win. Only races at 4 1/2 furlongs or longer will qualify. "In the event of a dead heat, the bonus will be split among the winners."

What are Stallion Awards?

In order to stimulate the acquisition in California of nationally prominent stallions, and retain high-caliber California stallions, monetary awards are paid annually to the owners of registered California stallions whose California-conceived or California-bred get have won a qualifying race or have finished, first, second, or third in a stakes race in the state or any graded stakes race

Santa Anita Park

within the United States during the year. Qualifying races are any non-claiming races, including maiden allowance and starter allowance races, with a purse of at least \$15,000, and open non-maiden claiming races with a claiming price of \$40,000 or greater in Southern California and \$20,000 or greater in Northern California also qualify. Stallion awards are exclusive of nomination, entry, and starting fees. Stallions must be registered by Feb. 15 each year to be eligible for stallion awards. Stallion owners will receive 25% of the remainder of the total incentive award monies after owners awards are paid, with an individual owner of a registered California stallion (as of Dec. 31) receiving a pro-rated share of the stallion fund based on the total qualifying earnings of the get during the year. The maximum purse considered earned in any qualifying race within this state shall be \$330,000 for a win, \$120,000 for a second, and \$90,000 for a third-place finish. The stallion must be continuously present in California from Feb. 1 to July 15, inclusive, of the year 2010 or any subsequent calendar year in which he stood at stud and fathered the participant in the race. If a sire dies in this state in the year 2010 or any subsequent year and stood his last season at stud in this state, or was standing at stud in this state on the date of his death in the year 2010 or any subsequent year, he shall thereafter continue to be considered an eligible Thoroughbred stallion regarding a race participant fathered by him in that season. The California Thoroughbred Breeders Association (CTBA) will help compile data, but it is the ultimate responsibility of the stallion owner to advise that official registering agency, on or before Feb. 15 of any year, of any and all purses earned during the preceding year that shall be considered in determining the amount of the stallion award to which the owner is entitled.

Does the program include races outside of California?

Yes. The breeder of a California-bred Thoroughbred finishing first, second, or third in a graded stakes race outside of California, but within the United States, will be paid a pro-rated share of the breeders fund. The maximum purse considered earned in any race shall be \$165,000 for a win, \$60,000 for second, and \$45,000 for a third-place finish. CTBA will help compile data, but it is the ultimate responsibility of the breeder to advise the official registering agency (CTBA), on or before Feb. 15 of any year, of any and all purses earned during the preceding year in graded stakes races outside of this state by horses bred by the breeder. Also, the owner of a registered California stallion whose California-conceived or California-bred get finished first, second, or third in a graded stakes outside of California, but within the United States, will be paid a pro-rated share of the Stallion fund with the maximum purse considered earned the same as the breeders above.

When are the premiums paid?

Owner awards are paid at the same time as the purse by the paymaster. Breeder awards are paid twice a year with a conservative advance payment of approximately 8 - 10% being paid around Sept. 1 and the final payment for 2019 being paid by March 31, 2020. The stallion awards are paid prior to March 31, 2020.

Are there special racing opportunities for California-breds?

Yes. Racetracks in California are required by law to offer one race per day that is restricted to California-breds. Last year, that amounted to 304 additional

Santa Anita Park

racetrack opportunities and over \$15.6 million in additional purses for California-breds. In addition, the California legislature has declared its intent that at least 10% of the total stakes purses paid at any race meeting in California be paid on stakes races restricted to registered California-breds. This amounted to almost \$5 million in 2018 and will grow significantly through the creation of the Golden State Series. Also, in 2020, California Cup XXX will be held at Santa Anita Park on a date to be announced. Part of the funding for California Cup XXX will come from the incentive award category, the California-bred Race Fund. 9.5% of the total incentive award monies will be used for this category, with the monies funding the promotion of California-bred races, the supplement of purses for California-bred races, and the creation of new California-bred stakes.

What is the definition of a California-bred?

The definition of a California-bred is as follows: A California-bred Thoroughbred is a horse dropped in California after being conceived in California, or any Thoroughbred foal dropped by a mare in California if the mare remains in California to be next bred to a Thoroughbred stallion standing in the state. If the mare cannot be bred for two successive seasons, but remains in California during that period, her foal will be considered a California-bred.

What is the definition of a California-sired horse?

A "California-sired horse" is a Thoroughbred that was conceived in California by a registered California stallion. A California-sired horse is only eligible for entry in races restricted to California-bred or California-sired horses and is not eligible for any breeder or owner awards, except the maiden bonus awards.

How does one register a California-bred?

Registration applications must be filed with the CTBA. Only those horses that are both registered with The Jockey Club and fulfill all requirements as outlined in the definition of a California-bred are eligible. The fees for registration are as follows:

- 1) \$100.00 for CTBA members, \$200.00 for non-members if applied for by September 30 of the foal's yearling year;
- 2) \$125.00 for CTBA members, \$250.00 for non-members if applied for after September 30 of yearling but before Jan. 1 following; and
- 3) \$750.00 if applied for after Jan. 1 of 2-year-old year.

If desired, application can be made in advance of receipt of Jockey Club Certificates to escape penalty for late filing, but no actual registration will be made until certificates are available. CTBA has representation at California tracks to help facilitate late registrations.

A bonus program is in place for California Bred or Sired horses. Funded by the Thoroughbred Owners of California (TOC), California Thoroughbred Breeders Association (CTBA) and the various racing associations, this new program will greatly increase the return for those investing in California Bred or Sired horses. The goal of this program is to increase demand for California Bred or Sired horses by significantly increasing the purse money and opportunities available for California Bred or Sired horses. The backbone of this new program is the creation of a lucrative maiden bonus program, providing a quick return for those successfully racing California Bred or Sired horses.

This program will provide:

1. A \$17,500 bonus made available for owners of registered California Bred or Sired maidens in Maiden Special races in Southern California; and
2. A \$10,000 bonus for owners of registered California Bred or Sired maidens in Maiden Special races in Northern California.

If a California Bred wins an open Maiden Special race, the owner would also receive the current owner bonus available in open company as well as the new amount.

This program, designed to quickly reward those investing in California Bred or Sired horses, will significantly increase their value overnight. The various racing secretaries support this tremendous boost and have made a commitment to write and fill more California Bred or Sired Maiden Special races.
